Type of Agreement and Payment Schedule

There will be contract made between NCRPC and the contractor in regards to the contractor's line-item cost sheet with a 12-month agreement period. Individual houses or group of houses will be awarded by House work or HVAC work by a "Notice to Proceed" with workorder(s) attached. The pricing on the Notice to Proceed (NTP) and the Work Order will be calculated by using the line-item cost sheets and entering into WaWeb to determine which measures are most cost-effective. If total costs are more than what the program can allow, they may be cut.

Payments will be made after completion of work and inspection by an NCRPC Inspector/Auditor. Pay dates are the 15th and the last day of the month. If the 15th or the last day falls on a weekend or holiday, the pay date is typically moved to the preceding business day (usually Friday).

Weatherization Bid Zones

Our region is broken out into four zones. Choose one zone to be your “**HOME**” zone. This zone is your base price zone. To give pricing for the other three zones, you may give a percentage to mark up from your home zone or update any of the line items individually for each of the other zones. See the following map. We have included the average homes weatherized per year for each county and for each zone on the map.

Weatherization Bid Zones

*Number below county is the average number of homes completed per year
*Number below Zone is the average per zone completed per year

Bid Evaluation

Contracts are made to all contractors whom comply with the qualifications and submit bids properly. A Notice to Proceed, with work order(s), is sent to the bidders whose proposal is most advantageous to the program, considering price and other factors. Other factors may include, but not limited to, items like timeliness, willingness to work, and outstanding work orders. New Bidders are considered without being docked for timeliness, due to no past record of how they work with the weatherization program. New Bidders will be awarded one workorder until it is proven the work can be completed timely and correctly. NCRPC staff will work with new bidders to ensure they understand what is expected and how our processes work.

If your bid is accepted, you MUST supply NCRPC with:

- 1. Your Federal ID number (W-9)**
- 2. Proof of Liability Insurance AND Workman's Compensation**
- 3. Licensed Renovation Firm Certificate**
- 4. Certified Renovator Certificates for all employees**
