Wheatview Apartment Quote:
“I just want to say ‘Thank you’ to Amanda, Devin and Jack at North Central Regional Planning Commission for everything you guys did for us. There was hours of work and paperwork to make this happen. Without you guys this wouldn't have happened. We appreciate you all so much!!! Also want to say Thank you to Central Service, LLC for all the hours of work(long days)they did on this project to make this happen as well. We appreciate your crew so much!!”

**There were many other people behind the scenes that helped out as well, including KHRC!!

AND.... I know the project would not have run as smoothly without the help of their On-site Apartment Manager, Melissa. She was very helpful on answering questions, letting everyone in the building when we needed, and gathering additional information and pictures as needed.
