An Equal Opportunity Program

Updated April 2025

INFORMATION ABOUT PROGRAM

The North Central Regional Planning Commission (NCRPC) operates a Weatherization Assistance Program that helps reduce energy costs for low-income households (see maximum income guidelines below) by increasing the energy efficiency of their homes, while ensuring their health and safety. The 41 counties in the NCRPC service area include: Barton, Cheyenne, Clay, Cloud, Decatur, Dickinson, Ellis, Ellsworth, Geary, Gove, Graham, Greeley, Jewell, Lane, Lincoln, Logan, Marshall, Mitchell, Ness, Norton, Osborne, Ottawa, Phillips, Pottawatomie, Rawlins, Republic, Riley, Rooks, Rush, Russell, Saline, Scott, Sheridan, Sherman, Smith, Thomas, Trego, Wabaunsee, Wallace, Washington, and Wichita. Funding for this program is provided by the Department of Energy (DOE) and the Low-Income Energy Assistance Program (LIEAP). Eligibility for the Weatherization Program is based solely on income; verification is required (i.e. paystubs, unemployment, public assistance documents, and notarized statements). All weatherization work is done at no cost to the individual resident. If the dwelling is a rental unit, the landlord must sign a landlord release form before any materials will be installed.

WHAT WEATHERIZATION INCLUDES

1. A pre-inspection to determine the amount of work necessary to weatherize the home, in addition to checking heating appliances for safety and efficiency.
2. Furnaces found to be unsafe will be repaired if possible, or replaced. Inefficient refrigerators may be replaced.
3. Infiltration work such as patching foundation, caulking and weather-stripping outside doors and windows; sealing/replacing broken glass.
4. Wall and attic insulation will be considered. This is dependent upon the condition of wiring, roof condition, the amount of existing insulation, the type of wall construction and siding.
5. Gable or roof vents will be installed as required
6. A final inspection will be conducted to determine if all the work is completed.

DOE DEFINITION OF INCOME

This refers to total cash receipts before taxes, from all sources. These include money wages and salaries before any deductions. Income also includes net receipts from non-farm or farm self-employment (receipts from a person's own business or from an owned or rented farm after deductions for business or farm expenses). Income includes regular payments from social security, railroad retirement, unemployment compensation, strike benefits from union funds, workers' compensation, veteran's payments, training stipends, alimony, and military family allotments, private pensions, government employee pensions (including military retirement pay), regular insurance or annuity payments; college or university fellowships and assistantships; and dividends, interest, net rental income, net royalties, periodic receipts from estates or trusts, and net gambling or lottery winnings.

DOES NOT INCLUDE: Child support, payments for care of foster children, capital gains; any assets drawn down as withdrawals from a bank, reverse mortgages, the sale of property, a house or a car; one-time payments from a welfare agency to a family or person who is in temporary financial difficulty; tax refunds, gifts, loans, lump-sum inheritances, one-time insurance payments, or compensation for injury. Also excluded are noncash benefits, such as the employer-paid or union-paid portion of health insurance or other employee fringe benefits, food or housing received in lieu of wages, the value of food and fuel produced and consumed on farms, the imputed value of rent from owner-occupied non-farm or farm housing, and such federal noncash benefit programs as Medicare, Medicaid, Food Stamps, school lunches, housing assistance, combat zone pay to the military, and college scholarships.
